

Products, Systems and Solutions

INDUSTRY SECTOR

Industry Automation

- Industrial automation systems
- Low-voltage controls and distribution
- Variable speed drive systems
- Electrical installation technology
- Industrial motors
- Motion control systems
- Process automation and instrumentation
- Power supply systems
- System engineering
- Special products for industries
- Training

Drive Technologies

- Low and medium voltage variable speed drive systems
- Large electrical machines
- Mechanical power transmission equipment such gear reducers, geared motors and couplings
- SIPLACE Surface Mount Technology (SMT) placement machines

Building Technologies

- Building automation
- Energy management and monitoring
- Hotel room management
- Access control
- CCTV / Site-wide surveillance
- Intrusion detection
- Fire detection
- Automatic dry extinguishing
- Air / gas detection
- HVAC control
- Air sampling smoke detection system (VESDA)
- Extra-low voltage
- Integrated building management

Industry Solutions

- Water Technologies – design engineering and commissioning of water treatment, waste water treatment and water injection systems
- Technical services throughout the plant lifecycle in all segments:
 - o Plant construction and systems integration
 - o Project management
 - o Engineering, installation and commissioning services
 - o Logistics services and spares for industrial systems and components
 - o Service and maintenance
 - o Training
- Metal & Mining
 - o SIMINE – Solutions for Mining Industry
 - o SIMETAL – Solutions for Iron and Steel Making
 - o SIROLL – Solutions for Rolling Mills
- Industrial IT
 - o SILOC – Software Solutions for Intralogistics
 - o SIMBA & SIMIT – IT platforms for Process simulation and testing
 - o Open ShopFloor IT (OSF IT) - Acquisition, analysis, and processing of data on every aspect of production Marine
 - o SISHIP – Solutions for Passenger, Cargo and Offshore Vessels
 - o SINAVY – Solutions for Naval Submarines and Surface Vessels
- Workshop
 - o Vibration Measurements & Analysis
 - o Rewinding & overhauling stator and rotor
 - o Partial discharge measurements
 - o Dis-assembling / assembling
 - o Laser Optic alignment
 - o Complete impregnation
 - o Dynamic balancing – onsite & workshop
 - o Onsite overhaul test
 - o Special reconstruction
 - o Spare parts motor related
 - o Surge test
 - o Hipot test
 - o Winding resistance
 - o Polarization Index
 - o Wound rotor & armature core test

Mobility

- Airport Logistics:
 - o Baggage and cargo handling
 - o Security systems
- Postal Automation:
 - o Reading and coding technology
 - o Postal IT
 - o Sorting center solutions
 - o Sorting systems for letters, flats, mixed mail and parcels
- Equipment and systems for rail transportation:
 - o Rail signaling and safety systems
 - o Controls systems
 - o Contact lines, overhead power supplies, traction power supplies
 - o Turnkey systems
 - o Mass transit rolling stock
 - o Main-line rolling stock
 - o Traffic control systems

ENERGY SECTOR

Fossil Power Generation

- Utility gas and steam turbines
- Generators
- Construction of power plants on a turnkey basis
- Instrumentation & controls
- Fuel cells
- Gasifier technology

Oil & Gas

- Gas turbines (< 50 MW)
- Steam turbines (≤ 200 MW)
- Compressors
- Power supply systems (Up-, Mid- and Downstream)
- Municipal and industrial power generation solutions

Service Rotating Equipment

- Services for oil & gas and industrial applications
- Operating plant services (e.g. spare parts, long-term service contracts, maintenance and repair, modernization and upgrades, environmental systems and services)
- TurboCare

Power Transmission & Distribution

- High-voltage AC and DC transmission systems
- Power transformers
- Distribution transformers
- Medium-voltage Switchgear and components
- Solutions for the automation of power grids and substations
- Protection and control
- Services, consulting, network planning

Products, Systems and Solutions

HEALTHCARE SECTOR

Imaging & IT

- Magnetic Resonance Imaging
- Computed Tomography
- Cardiology and Angiography Imaging
- Radiography
- Mammography
- Mobile C-Arm
- Urology including lithotripters
- Molecular Imaging
- Radiation Therapy
- Ultrasound

Workflow & Solutions

- Radiology IT (RIS/PACS and Portals)

Siemens Hearing Solutions

- Hearing Aids
- Audiometric equipment
- Audiometric & Hearing Instrument Accessories
- Ear-mould production

Siemens Healthcare Diagnostics

A broad portfolio of performance-driven diagnostic solutions that assist in the diagnosis, monitoring and management of disease.

- Immunology
- Clinical Chemistry and Automation
- Hematology
- Molecular
- Urinalysis
- Points of Care
- Infectious Disease
- Plasma Proteins
- Microbiology
- Hemostasis
- Drugs of abuse testing
